Assignment #1 Due Wednesday, February 10, 2016 at the start of class *on paper*

Programming Exercise 12 on page 393

Important note: the file containing the class names and grades <mark>must</mark> be passed as a command line argument to your program in a manner similar to the example shown in lab.

Sample run:

File contains course name and grade earned

```
$ more coursesTaken.txt
Computer Science II  A
Physics 201          B
Mathematics 100      A
```

Sample run:

```
$ java gpa coursesTaken.txt
Computer Science II  A
Physics 201          B
Mathematics 100      A

GPA: 3.67
```

```
Note:
    All courses are considered to be worth the same
    number of units.
```
